Management Discussion and Analysis Report

The key issues of the Management Discussion and Analysis are given below.

1. Global Outlook:

The Textile Industry is expected to grow from USD 723 billion in 2023 to USD 859 billion by 2028, at a CAGR of 3.52% during the forecast period (2023-2028).

The COVID-19 pandemic has challenged the textile industry drastically in 2020. Asia, which is one of the largest markets for the textile industry in the world, has suffered from the prolonged lockdowns and restrictions in the majority of Asian countries along with the sudden drop in international demand for their products. The loss was particularly high in countries where the textile industry accounted for a larger share of the exports. According to the study by the International Labour Organization (ILO) the global textile trade collapsed during the first half of 2020. Also, exports to the major buying regions in the European Union, the United States, and Japan fell by around 70%. The industry also suffered several supply chain disruptions due to the shortages of cotton and other raw materials.

The textile industry is an ever-growing market, with key competitors being China, the European Union, the United States, and India. China is the world's leading producer and exporter of both raw textiles and garments. The United States is the leading producer and exporter of raw cotton, while also being the top importer of raw textiles and garments. The textile industry of the European Union comprises Germany, Spain, France, Italy, and Portugal at the forefront with a value of more than 1/5th of the global textile industry.

India is the third-largest textile manufacturing industry and is responsible for more than 6% of the total textile production, globally. The rapid industrialization in the developed and developing countries and the evolving technology are helping the textile industry to have modern installations which are capable of high-efficient fabric production. These factors are helping the textile industry to record more revenues during the study period and are expected to help the industry further in the forecast period.

2. Textile Industry & Market Growth in India:

The textile industry is one of the oldest business options in India since the ancient age and the second largest employer in India.

India is the world's second-largest producer of textiles and garments. Both skilled laborers and unskilled officials are needed to run this business smoothly. The products of the Indian textile industry with traditional designs and textures are

very popular all over the world. The Indian textile and apparel industry is highly diversified with a wide range of segments ranging from products of traditional handloom, handicrafts, wool, and silk products to the organized textile industry in India. The organized textile industry in India is characterized by the use of capital-intensive technology for the mass production of textile products and includes spinning, weaving, processing, and apparel manufacturing.

Market Size

India's textiles industry has around 4.5 crore employed workers including 30.50 lakh handloom workers across the country.

The textiles and apparel industry contribute 2.3% to the country's GDP, 13% to industrial production and 12% to exports. India's textile and apparel exports (including handicrafts) stood at US\$ 44.4 billion in FY22, a 41% increase YoY.

Total textile exports are expected to reach US\$ 65 billion by FY26. The Indian textile and apparel industry is expected to grow at 10% CAGR from 2019-20 to reach US\$ 190 billion by 2025-26. The Indian apparel market stood at US\$ 40 billion in 2020 and is expected to reach US\$ 135 billion by 2025.

The size of India's textile market stood at US\$ 223 billion in 2021, growing at a CAGR of 10.23% from 2016. The Indian textiles market is expected to be worth >US\$ 209 billion by 2029. India's textile and apparel exports to the US, its single largest market, stood at 27% of the total export value in FY22

Investment

Total FDI inflows in the textiles sector between April 2000 -March 2023 stood at US \$ 4.2 billion.

In order to attract private equity (PE) and employee more people, the government introduced various schemes such as the Scheme for Integrated Textile Parks (SITP), Technology Upgradation Fund Scheme (TUFS) and Mega Integrated Textile Region and Apparel (MITRA) Park scheme.

Government Initiatives

The Indian Government has come up with several export promotion policies for the textile sector. It has also allowed 100% FDI in the sector under the automatic route.

Initiatives taken by the Government of India are:

- The Government of India has earmarked a corpus of Rs. 1,000 crore (US\$ 127.72 million) dedicated to research and development of the technical

textiles sector. Out of this, Rs.133.83 crore (US\$ 17.5 million) is for the Textile Cluster Development Scheme, Rs. 100 crores (US\$ 13.07 million) for the National Technical Textiles Mission, and Rs. 15 crores (US\$ 1.96 million) each for PM Mega Integrated Textile Region and Apparel parks scheme and the PLI Scheme. The government allocated funds worth Rs. 17,822 crores (US\$ 2.38 billion) between FY16-22 for the 'Amended Technology Up-gradation Fund Scheme' (A-TUFS), to boost the Indian textile industry and enable ease of doing business. The policies and initiatives taken by the Government of India depict the faith it is investing in the industry to explore and expand. India has the potential to increase its capacity and the growth is visible, it's time for the manufacturing of quality yarns for garments for India and the world.

- Scheme for Capacity Building in Textile Sector (SAMARTH) - To address the skilled manpower requirement across textile sector, the scheme was formulated, under the broad policy guidelines of "Skill India" initiative and in alignment with the framework adopted for skilling programme by Ministry of Skill Development and Entrepreneurship. The scheme is approved for implementation till March, 2024.
- Amended Technology Up-gradation Fund Scheme (ATUFS): In order to promote ease of doing business in the country to achieve the vision of generating employment and promoting exports through "Make in India" with "Zero effect and Zero defect" in manufacturing, ATUFS was launched in January 2016 to provide credit linked Capital Investment Subsidy (CIS) to units for purchase of benchmarked machinery in different segment of Textile Sectors (excluding spinning). This scheme is effective up to March, 2022
- National Technical Textile Mission: Creation of National Technical Textiles Mission for a period of 4 years (2020-21 to 2023-24) was approved with an outlay of Rs.1480 crore for developing usage of technical textiles in various flagship missions, programmes of the country including strategic sectors.
- Production Linked Incentive (PLI) Scheme - The PLI Scheme for Textiles to promote production of MMF apparel, MMF Fabrics and Products of Technical Textiles in the country to create 60-70 global players, attract fresh investment of Rs. 19,000 crore approximately and generate almost 7.5 lakh new employment opportunities.
- PM-MITRA: To attract investment for 'Make In India' initiative and to boost employment generation through setting up of 7 (Seven) PM Mega Integrated Textile Region and Apparel (PM MITRA) Parks in Greenfield/Brownfield sites with world class infrastructure including plug and play facility with an outlay of Rs.4445 crore for a period of seven years upto 2027-28.

- Scheme for Integrated Textile Parks (SITP): The scheme provides support for creation of world-class infrastructure facilities for setting up of textile units.
- Integrated Processing Development Scheme (IPDS): In order to facilitate the textile industry to meet the required environmental standards and to support new Common Effluent Treatment Plants (CETP)/ upgradation of CEPTs in existing processing clusters as well as new processing parks specially in the Coastal Zones.
- Special Package for Textile and Apparel sector: Rs. 6000 crore package was launched in June 2016 to boost employment and export potential in the apparel and made up segments.
- Various sectoral schemes to support traditional textile sectors such as handlooms, handicraft, silk and jute.

Road Ahead

India is working on major initiatives to boost its technical textile industry. There is tough competition from China, Bangladesh, Pakistan, and Vietnam for exporting textile products in the global market. However, the Indian textile industry still manages for a comeback even after the decline of the business in 2020 – 21.

India is projected to be the second most attractive market by 2025, contributing up to US\$ 121 billion, while China is projected to be the most attractive market, contributing up to US\$ 378 billion. In 2017-2018, India has one of the fastest-growing economies, with a GDP growth rate of 7.2%. This increases the spending power of the general population and stimulates demand for textile sector goods. This expansion results in a vast array of manufacturing capacities for diverse items that may be shipped both inside India and beyond.

In addition, India has one of the most diverse textile industries, with hand-woven textiles on one end and capital-intensive mills on the other, resulting in a vast range of possibilities within the textile industry.

To overcome the existing obstacles faced by the textile industry and accomplish the anticipated worldwide market objective, India's textile sector must make several modifications and apply some new practices to increase its competitiveness. One of the implementations to boost production includes a greater emphasis on technological upgrades and weaving capacity expansion. Additionally, state governments should provide clearance for effluent treatment facilities to elevate the commercial market in its entirety.

The Indian textile sector would thrive to tremendous heights if both the national and state governments provide adequate assistance to its small and large-scale players. In addition to educating their staff to suit the changing needs of the contemporary market, the Indian textile sector should also consider decreasing the levies placed on government-subsidized exports.

Moreover, ensuring a sufficient supply of gas is crucial to the textile industry's continued operation. The creation of capital subsidies, the provision of a single point of contact for resolving industry issues, and the establishment of a set price for yarn on an annual basis would facilitate the flow of labor and aid the nation's impoverished farmers.

With a rise in disposable income, the need for goods in the Indian textile sector has expanded, resulting in enormous demand in both the local and foreign markets. Consequently, India's textile industry has a bright future due to the rapid expansion of the retail sector, government assistance, and investments.

Independent Auditors' Report

To the Members of SK International Export Limited Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of **SK International Export Limited**("the Company"), which comprise the Balance Sheet as at 31st March, 2023, the Statement of Profit and Loss and the Statement of Cash Flows for the year ended, and notes to the Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act read with the Companies (Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, the its loss and cash flows for the year ended on that date.

Emphasis of Matter

We draw attention to the following matters in the Notes to the financial statements Note No. 15. In our Opinion Inventory records were not adequately maintained by the Company, therefore the Inventory Valuation as on 31st March, 2023, could not be verified by us with reference to the requirement of AS-2 "Valuation of Inventories", and accordingly in the absence of adequate inventory records, we could not comment on the possible impact, if any, on Statement of Profit and Loss for the respective period ended on 31st March 2023 on account of short/ (excess) valuation of inventories. We have relied upon the valuation provided by the Management of the Company.

Our Opinion is not modified in respect of above matter.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We

believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance Report, and Shareholder Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in

the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.
- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure I", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143 (3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) In our opinion, the managerial remuneration for the year ended March 31, 2023 has been paid / provided by the Company to its directors in accordance with the provisions of Section 197 read with Schedule V to the Act;
- (f) On the basis of the written representations received from the directors as on 31st March, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- (g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure II". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting;
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - a. There has been no pending litigations against the Company having any impact on its financial position in its financial statements
 - b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

- c. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- d.
- i. The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or
 - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries,
- ii. The management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- iii. Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (d) (i) and (d) (ii) contain any material mis-statement.

Annexure II to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of SK International Export Limited ("the Company") as at 31st March, 2023 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment,

including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding there liability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- (a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the company; and
- (c) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2023 except in case of Inventory records, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SK INTERNATIONAL EXPORT LIMITED
Notes to Financial Statements for the Year Ended March 31st, 2023

Note 1**Notes to Financial Statements****Company Background**

The Company was incorporated on 13/09/2018. SK International Export Limited, The Company is engaged in the Garment Manufacturing Business. The Company has been formed from conversion of Partnership Firm S.K. International (Export) Co.

Significant Accounting Policies**1. Basis of preparation of financial statements****(a) Basis of Accounting:**

The financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting in accordance with the accounting principles generally accepted in India ('Indian GAAP') and comply with the Accounting standards prescribed in the Companies (Accounting Standards) Rules, 2006 which continue to apply under Section 133 of the Companies Act, 2013 ('the Act') read with Rule 7 of the Companies (Accounts) Rules, 2014.

(b) Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities and disclosures of contingent liabilities on the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual result could differ from these estimates and the difference between actual results and estimates are recognized in the periods in which the results are known / materialize.

(c) Current/Non-Current Classification:

Any asset or liability is classified as current if it satisfies any of the following conditions:

- i. It is expected to be realized or settled or is intended for sale or consumption in the company's normal operating cycle;

- ii. It is expected to be realized or settled within twelve months from the reporting date;
- iii. In the case of an asset, it is held primarily for the purpose of being traded; or it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- iv. In the case of a liability, the company does not have an unconditional right to defer settlement of the liability for at least twelve months from the reporting date all other assets and liabilities are classified as non-current. For the purpose of current / non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months. This is based on the nature of services and the time between the acquisition of assets or inventories for processing and their realization in cash and cash equivalents.

2. Tangible and Intangible Assets

(a) Tangible Fixed Assets

Tangible fixed assets are carried at the cost of acquisition or construction, less accumulated depreciation/accumulated impairment. The cost of fixed assets comprises of its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use. Expenses directly attributable to new manufacturing facility during its construction period are capitalized. Know-how related to plans, designs and drawings of buildings or plant and machinery is capitalized under relevant tangible asset heads. Pursuant to the requirements under Schedule II of the Companies Act, 2013, the Company has identified and determined the cost of each component of an asset separately when the component has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset. Profit or loss on disposal of tangible assets is recognized in the Statement of Profit and Loss. Tangible Fixed assets retired from active use and held for disposal are stated at the lower of their net book value and net realizable value and are disclosed separately under 'Other Current Assets'. Any expected loss is recognized immediately in the Statement of Profit and Loss.

(b) Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Intangible assets arising on acquisition of business are measured at fair value as at date of acquisition. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment loss, if any. Profit or Loss on disposal of intangible assets is recognized in the Statement of Profit and Loss.

(c) Capital Work in Progress & Capital Advances

Cost of Assets not ready for intended use, as on the balance sheet date, is shown as capital work in progress. Advances given towards acquisition of fixed assets outstanding at each balance sheet date are disclosed as Short Term Loans & Advances.

(d) Depreciation and Amortization:

Depreciation on tangible fixed assets is provided using the Straight Line Method based on the useful lives of the assets as estimated by the management and is charged to the Statement of Profit and Loss as per the requirement of Schedule II of the Companies Act, 2013. The estimate of the useful life of the assets has been assessed based on technical advice which considered the nature of the asset, the usage of the asset, expected physical wear and tear, the operating conditions of the asset, anticipated technological changes, manufacturers warranties and maintenance support, etc. Significant components of assets identified separately pursuant to the requirements under Schedule II of the Companies Act, 2013 are depreciated separately over their useful life. The residual value, useful life and method of depreciation of an asset is reviewed at each financial year end and adjusted prospectively

(e) Impairment

At Balance Sheet date, an assessment is done to determine whether there is any indication of impairment in the carrying amount of the Company's assets. If any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount. An assessment is also done at each Balance Sheet date whether there is any indication that an impairment loss recognized for an asset in prior accounting periods may no longer exist or may have decreased. If any such indication exists the asset's recoverable amount is estimated. The carrying amount of the fixed asset is increased to the revised estimate of its recoverable amount but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset in prior years. A reversal of impairment loss is recognized in the Statement of Profit and Loss for the year. After recognition of impairment loss or reversal of impairment loss as applicable, the depreciation charge for the fixed asset is adjusted in future periods to allocate the asset's revised carrying amount, less its residual value (if any), on straight line basis over its remaining useful life.

3. Revenue Recognition

Revenue from sale of goods is recognized on transfer of all significant risks and rewards of ownership to the buyer. The amount recognized as sale is exclusive of sales tax/VAT/GST and is net of returns & discounts. Sales are stated gross of excise duty as well as net of excise duty (on goods manufactured and outsourced), excise duty being the amount included in the amount of gross turnover. The excise duty related to the difference between the closing stock and opening stock is

recognized separately as part of changes in inventories of finished goods, work in progress and stock in trade. Revenue from service is recognized as per the completed service contract method. Processing income is recognized on accrual basis as per the contractual arrangements. Dividend income is recognized when the right to receive payment is established. Interest income is recognized on the time proportion basis.

4. Lease Accounting

Assets taken on operating lease:

Lease rentals on assets taken on operating lease are recognized as expense in the Statement of Profit and Loss on straight line basis.

5. Inventory

(a) Raw materials, work in progress, finished goods, packing materials, stores, spares, components, consumables and stock-in-trade are carried at the lower of cost and net realizable value. However, materials and other items held for use in production of inventories are not written down below cost if the finished goods in which they will be incorporated are expected to be sold at or above cost. The comparison of cost and net realizable value is made on an item-by item basis. Damaged, unserviceable and inert stocks are valued at net realizable value.

(b). In determining cost of raw materials, packing materials, stock-in-trade, stores, spares, components and consumables, weighted average cost methods used. Cost of inventory comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventory to their present location and condition.

(c) Cost of finished goods and work-in-progress includes the cost of raw materials, packing materials, inappropriate share of fixed and variable production overheads, excise duty as applicable and other costs incurred in bringing the inventories to their present location and condition. Fixed production overheads are allocated on the basis of normal capacity of production facilities.

6. Investments

Investments are classified into current and long-term investments. Investments that are readily realizable and intended to be held for not more than a year from the date of acquisition are classified as current investments. All other investments are classified as long-term investments. Current investments are stated at the lower of cost and fair value. The comparison of cost and fair value is done separately in respect of each category of investments. Long-term investments are stated at cost. A provision for diminution in the value of long-term investments is made only if such a decline is other than temporary in the opinion of the management. Reversal of such provision for diminution is made when there is a rise in the value of long term investment, or if the reasons for

the decline no longer exist. On disposal of an investment, the difference between its carrying amount and net disposal proceeds is recognized in the Statement of Profit and Loss.

7. Transactions in Foreign Currency

(a) Initial recognition:

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss.

(b) Measurement of foreign currency items at the Balance Sheet date:

Foreign currency monetary items of the Company are restated at the closing exchange rates. Non-monetary items are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising out of these translations are recognized in the Statement of Profit and Loss.

(c) Forward exchange contracts:

The Company had not entered into any forward exchange contracts to hedge against its foreign currency exposures relating to the underlying transactions and firm commitments. The Company had not entered into any derivative instruments for trading or speculative purposes.

8. Trade receivables

Trade receivables are stated after writing off debts considered as bad.

9. Employee Benefits

A. Short Term Employee Benefits:

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and they are recognized in the period in which the employee renders the related service. The Company recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

B. Post-employment benefits:**(a) Defined contribution plans:**

Defined contribution plans are employee state insurance scheme and Government administered pension fund scheme for all applicable employees and superannuation scheme for eligible employees. The Company's contribution to defined contribution plans are recognized in the Statement of Profit and Loss in the financial year to which they relate.

(b) Defined benefit plans:**Provident fund scheme**

The Company makes specified monthly contributions towards Employee Provident Fund scheme, for the eligible employees.

Gratuity scheme

Gratuity is payable to all eligible employees of the company on retirement, death, permanent disablement and resignation in terms of the provisions of the Payment of Gratuity Act 1972, or company's scheme whichever is more beneficial.

10. Research and Development

Research and Development expenditure of a revenue nature is expensed out under the respective heads of account in the year in which it is incurred. Fixed assets utilized for research and development are capitalized and depreciated in accordance with the policies stated for Tangible Fixed Assets and Intangible Assets.

11. Provision for Taxation

Tax expense comprises of current tax (i.e. amount of tax for the period determined in accordance with the Income Tax Act, 1961) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period). The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognized using the tax rates that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carry forward loss under taxation laws, deferred tax assets are recognized only if there is a virtual certainty of realization of such assets. Deferred tax assets are reviewed as at each Balance Sheet date to reassess realization.

12. Provisions and Contingencies

The Company creates a provision when there exists a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. When there is possible obligation or a present obligation in respect of which likelihood of outflow of resources is remote, no provision or disclosure is made.

13. Earnings per Share

The Basic and Diluted Earnings per Share ("EPS") is computed by dividing the profit after tax for the year by weighted average number of equity shares outstanding during the year.

14. Borrowing Cost

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs, if any, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized. All other borrowing costs are expensed in the period they occur.

15. Cash and Cash Equivalents

Cash and cash equivalents include cash and cheques in hand, bank balances, demand deposits with banks and other short-term highly liquid investments where the original maturity is three months or less.

16. Government Grants and Subsidies

The Company is not entitled to any subsidy from government authorities in respect of manufacturing units located in specified regions: Grants in the nature of subsidy which are nonrefundable are credited to the Statement of Profit and Loss, on accrual basis, where there is reasonable assurance that the Company will comply with all the necessary conditions attached to them. Grants in the nature of subsidy which are refundable are shown as Liabilities in the Balance Sheet.

17. Measurement of EBITDA

The Company has opted to present earnings before interest (finance cost), tax, depreciation and amortization (EBITDA) as a separate line item on the face of the Statement of Profit and Loss for the year. The Company measures EBITDA on the basis of profit/ (loss) from continuing operations.

18. Segment Reporting**i) Business Segment**

- a. The business segment has been considered as the primary segment.
- b. The Company's primary business segments are reflected based on principal business activities, the nature of service, the differing risks and returns, the organization structure and the internal financial reporting system.
- c. The Company's primary business comprises of manufacturing & supply of re-active power compensation systems, harmonic filters & other engineering goods and since it is the only reportable segment as envisaged in Accounting Standard 17. 'Segment Reporting'. Accordingly, no separate disclosure for Segment Reporting to be made in the financial statements of the Company.

ii) Geographical Segment

A geographical segment is a distinguishable component of an enterprise that is engaged in providing products or services within a particular economic environment and that is subject to risks and returns that are different from those of components operating in other economic environments. The company provides products or services only through single establishment. Accordingly, no separate disclosure for Segment Reporting to be made in the financial statements of the Company.

19. The Company has recognized deferred tax arising on account of timing differences, being the difference between the taxable income and accounting income, that originates in one period and is capable of reversal in one or more subsequent period(s) in compliance with Accounting standard (AS 22) – Accounting for Taxes on income.

Explanatory Statement in respect of the special business pursuant to Section 102 of the Companies Act, 2013:

Item No. 3:

To consider and approve sale of office located at Unit No.17, Ground Floor, A-1 Shah & Nahar Indl Estate, Block Sector, Lower Parel, S J Marg, Mumbai - 400013 under Section 180(1)(a) of the Companies Act, 2013:

The Board of Directors of the Company had approved the sale of Undertaking located at Unit No.17, Ground Floor, A-1 Shah & Nahar Indl Estate, Lower Parel, S J Marg, Mumbai - 400013, subject to the approval of Members of the Company.

The Board believes that the proceeds from the sale of undertaking can be used to generate liquidity, invest funds in tradeable securities and expand the capacity of its Virar factory. The return on the undertaking through rent would be lesser as compared to the returns post the proceeds are utilized as mentioned above based on the analysis done by the Management of the Company.

Pursuant to the provision of Section 180(1)(a) of the Companies Act, 2013 and rules made thereunder, sale of undertaking would require the approval of Shareholders by means of Special Resolution.

The Board recommends the Special Resolution as set out in the Item No. 3 for the approval of Members.

None of the Directors or the Key Managerial Personnel of the Company or their relatives is concerned or interested, financially or otherwise, in this Resolution.
